Department Seminar and Conference Presentations. “How Extended Family Health Issues Influence Household Portfolio Allocations.” University of California at Los Angeles (Department of African American Studies, November 2018), New School for Social Research (Department of Economics, November 2018), University of St. Thomas (Department of Economics, November 2018), American University (Department of Economics, December 2018), University of Utah (Department of Family and Consumer Studies, January 2019), Gettysburg College (Department of Economics, January 2019), Eastern Economic Association Annual Conference (March 2019).

Humphrey School of Public Affairs, University of Minnesota, Minneapolis, Minnesota. Public Policy and International Affairs (PPIA) Junior Summer Institute (JSI). “Research Seminar on Wealth Inequality and Lending Disparities.” Seminar facilitator with 20 participants. June 2018.

American Economic Association/Allied Social Sciences Associations Annual Meeting, Philadelphia, PA. “Current Data Comparing Academic Stratification for Economists and Sociologists.” Co-presenter in Introducing Social Capital to Stratification Economics: Career Trajectories in Higher Education. January 2018.

Humphrey School of Public Affairs, University of Minnesota, Minneapolis, Minnesota. Public Policy and International Affairs (PPIA) Junior Summer Institute (JSI). “Research Seminar on Responsible Banking.” Seminar facilitator with 30 participants. July 2017.

American Economic Association/Allied Social Sciences Associations Annual Meeting, Chicago, IL. “Is there Stratification in Academic Career Trajectories for Economists?” January 2017.

American Economic Association/Allied Social Sciences Associations Annual Meeting, Chicago, IL. “Is There a Racialized Legacy in Wealth Across Generations? Evidence from Panel Study.” Presenter in Race/Ethnicity and Inequality Session. January 2017.

Eastern Economic Association. 42nd Annual Conference, Washington, DC. “Does Poverty in the Extended Family Explain the Racial Wealth Gap among Middle Class? New Evidence from Longitudinal Study.” Presenter in Race and Poverty [A8] Session. February 2016.

Applied Research Center and Kirwan Institute for the Study of Race and Ethnicity. Facing Race: A National Conference, Dallas, Texas. “Institutionalizing Racial Equity and Advancing Positive Racial Impacts.” Co-presenter to 70 participants. November 2014.

The New School – University of Massachusetts Amherst Economics Graduate Student Workshop, Amherst, Massachusetts. “Evidence of U.S. Incarceration Rates Falling into a Gamma Distribution.” Presenter in Behavioral Economics/Microeconomics Workshop. October 2014.

Annie E. Casey Foundation, Baltimore, Maryland. “Racial Equity Impact Assessments: A Prescription for Preventing Racism.” Co-presenter in Webinar on Racial Equity Impact Assessments. October 2014.

Applied Research Center. 4th Facing Race: A National Conference in 2012, Baltimore, Maryland. “Launching Proactive Racial Equity Policy Agendas.” Moderated panel with 50 participants. November 2012.

University of New Mexico, Albuquerque, New Mexico. American Economic Association Pipeline Conference. “Exploring the Link Between Racial/Ethnic Diversity and State Public Welfare Investment.” Co-presenter in Poster Presentations. July 2012.

Kirwan Institute for the Study of Race and Ethnicity, Ohio State University, Columbus, Ohio. Transforming Race: Visions of Change Conference. “Advancing Equitable Policies by Assessing Racial Impacts.” Workshop facilitator with 30 participants. March 2012.

PROFESSIONAL EXPERIENCE

American Sociological Association, Washington, District of Columbia, Research Assistant, 2016-2017, Principal Investigators include Dr. Roberta Spalter-Roth and Dr. Jean H. Shin.

- Charged with developing a unique data set that can be used as a model for data collection and analysis that can benefit the academic labor market in and beyond economics and sociology.
- Data set contains information that allows researchers to explore the trajectory of black and Hispanic Ph.D. cohorts across 1995-1996 and 2005-2006 academic years.
- Project is funded by the National Science Foundation.

Applied Research Center, New York, New York, Research Consultant, 2011-2015

- Researched and prepared case studies on racial equity impact analysis used by governmental agencies in areas of education, public health and criminal justice. Racial impact analysis is similar to an environmental impact

statement. The distinction is that it explores the impact of market, policy and budget decisions on sectors of the economy, e.g. racial dimensions of populations and enterprises.

- Elements of one case study examining the adoption of racial equity impact analysis by the Minneapolis Public School District was featured in the Sept/Oct 2013 issue of Sargent Shriver National Center on Poverty Law *Journal of Poverty Law and Policy*.

Organizing Apprenticeship Project, Minneapolis, Minnesota, Lead Researcher, 2006-2011

- Connected economic policy analysis with community-based institutions and state lawmakers. One achievement was the policy brief series that I managed which grew out of a convening with policy stakeholders and academic researchers. Working with conveners, I authored a policy brief titled “14 Solutions that Expand Job and Economic Opportunity, and Reduce Minnesota’s Disparities” [December 2010]. Upon this report’s release, I briefed state lawmakers. And Minnesota’s largest newspaper, the *Star Tribune*, wrote an editorial based on my policy brief.

New York City Department of Transportation, Brooklyn, New York, Team Consultant, 2004

- Following the terrorist attacks of Sept 11, 2001, much economic activity moved from downtown Manhattan to downtown Brooklyn. The movement of businesses, institutions and traffic fueled a political conflict between residents and the city’s transportation agency. Spurred by the conflict, the NYCDOT was looking for alternatives they could explore to calm traffic and work with residents. My consultant team gathered evidence that compared models of transportation management associations (TMAs), which are rule-making partnerships between resident organizations and transit agencies. Findings were compiled into a policy decision report and featured in a briefing to the executive team of NYCDOT.

Drum Major Institute for Public Policy, New York, New York, Team Consultant, 2004

- The Drum Major Institute was interested in exploring the potential of expanding the New York State Earned Income Tax Credit to middle class families. As a contribution I co-built a mathematical model that simulated the state’s EITC system. This model allowed our consultant team to explore the costs and benefits of expanding the reach of the tax credit. Findings were compiled in an analytic report and were featured in a briefing presentation.

OTHER EXPERIENCE

Minnesota Army National Guard, Minneapolis, Minnesota, Unit Supply Specialist,
1995-2001

- Honorably discharged after 6 years in the National Guard.
